

A photograph of a woman with blonde hair and a young girl running barefoot on a sandy beach. The woman is wearing a yellow zip-up hoodie and blue jeans, and the girl is wearing a blue vest over a white long-sleeved shirt and blue jeans. They are both smiling and looking towards the camera. The background shows the ocean waves and a cloudy sky.

PROTECT THE ONES  
**YOU LOVE**

LUNG CANCER  
**IS PREVENTABLE**

## WHAT IS RADON?

It is a radioactive gas

It causes lung cancer

Elevated levels have been found in buildings all over Canada

It is odourless and colourless

## WHY SHOULD I BE CONCERNED?

You are at risk for lung cancer if:

- you are exposed to high levels of Radon
- you are exposed to smoking
- is even greater if you are exposed to both high levels of radon and cigarette smoke

## WHAT CAN I DO?

Have your home tested and know your radon levels

Fix your home or workplace to reduce high levels

Contact one of our members for more information or for products and services to help reduce your radon exposure. [www.carst.ca](http://www.carst.ca)
